SUMMARY

- I am a skilled technician that is dedicated to the job I do

- Honesty and discipline is a great virtue that has given me an edge in my jobs.
- I am open to learning new things to improve my skill capacity, to help me meet the challenge of the current time.
- Excellent Team player • Good communication

WORK EXPERIENCE

Laboratory Supervisor / Electrical Technician. 2019 - PRESENT

Mountain Top University, KM 12, Lagos - Ibadan expressway, Prayer city, Ogun State.

I am a full-time staff; I assist the Senior Technologist getting the laboratory ready, carrying out practical classes and data entry of students' information and records. This has led to better coordination of the practical classes and prompt presentation of examination results, and I have successfully carried out electrical installation and maintenance work in the colleges and ICT block.

ELECTRICAL TECHNICIAN

2018 - 2019

Easy - Easy Electrical Nigeria limited, Benin City, Edo State, Nigeria.

Internship, I was responsible for the representation of the company at different times and that brought about successful deals for the company.

ELECTRICAL TECHNICIAN

2019 - PRESENT

Bright MKO Electrical, Benin City Edo State, Nigeria.

Part-time staff, responsible for surface and conduit wiring and maintenance of old installations. I have had a huge success rate with great recommendations for the company.
